I'd like to express my sincere appreciation for the support of you and your entire team at The Players Choice for the second straight year for the American English MACC Fund Benefit Concert.

The outstanding facilities make for a perfect fit. This has resulted in many positive comments we have received from those attending the concert.

I also want to make sure to express how cooperative your entire staff was to work with before, during, and after the concert. They should be commended!

My son attended your clinic last Saturday. I just wanted to take this opportunity to tell you how impressed I was with this camp. You had a very impressive line-up of instructors and the organization of the camp was outstanding. Too often, there is a lot of wasted time when the kids attend camps such as this. I am sure Nick learned a lot of great tips and had fun in the process. We are looking forward to the defensive camp on Saturday! Thanks for continuing to offer such high quality camps!

I just wanted to thank you for offering the hitting camp that my son Anthony participated in this afternoon. This was a fantastic opportunity for him! When I was younger, the only comparative opportunity was if your parents were willing to send you to camp in Florida for a week. Not many were able to do this, but those who did, really improved. I have 2 questions: Are there any things that I can work with him to supplement what he worked on today? Also, he is interested in coming back next weekend for the fielding camp. Do they work on outfield and infield, or is it mostly infield? He's under the impression that it is just infield and pitching.

Thanks again for the great job and for offering the camps.

Regards,

Chris Z.

I just wanted to pass a note along to you to let you know how impressed I am with everything that you are doing at Players Choice. I would also like to send a note of congratulations on to Rich Kuranda - The job he is doing is unbelievable.

I am not sure if you know that he calls me every weekend to find out how my teams are doing. It does not matter Friday night, Saturday night, Saturday morning, Sunday - I think you get the idea.

Another example, just last night my son and I were working out downstairs and Rich had called to let him know how impressed he was with his play on Sunday. I can not even begin to explain the impact with the phone call. My son felt so proud that Rich had taken the time out of his schedule to call him.

You have a person with the right values in Rich - Congratulations -

“The Players Choice is an ideal place to advertise for organizations trying to reach the Millenials and Gen-Xers in the New North region. Fox Valley Technical College and the Venture Center are thrilled with the exposure we receive through our participation in the Players Choice advertising/sponsorship opportunities. Awareness about our organization has increased and people are contacting us because they have been exposed to us and what we do via The Players Choice. I highly recommend this unique marketing opportunity!”

“Twelve of our varsity players decided to take part in off-season workouts at Players Choice during January, February and March. The instruction they received from Korey Krueger, Scott Beyer and Kris Williams was outstanding and exceeded their expectations. The players were very impressed with the knowledge the instructors have in their area of expertise; just as important Korey, Scott and Kris have a good understanding of how to provide instruction and motivate high school athletes. There is no doubt that these young men are better athletes and baseball players due to the instruction they received at Players Choice. The majority of our players were far advanced in their level of preparation versus prior years. This preparation level has provided the coaches the opportunity to work on more advanced skills from day one which should increase our chances for a successful season. We highly recommend the instruction provided by the baseball and athletic training staff at Players Choice.”

Now that we have finished up the second season, I just wanted to extend a thank you on behalf of our team. The kids had a great time and if I can keep everything together we will definitely be back next year. Keep us in mind. I also wanted to say Thank you for all the extras. The kids loved the pizza party.

Thanks again and hopefully we will be back next season.

Mike,
I just wanted to drop you a note thanking you and your staff for the excellent work and preparation for my event. All the employees enjoyed the use of your facility today, and many commented on the great food and polite staff. Please forward my thanks to all your employees that helped out today. I will be contacting you shortly to reserve space for my 2009 Plumbing Seminar.
